**Great Place!**

We called at the last minute and got a 1bedroom unit. Craig was so helpful after we had had a long day and disaster with our previously booked place. He just gave us key showed us where to go and said relax. We went and had a drink and dinner at the restaurant and it was great. What an awesome end to a long day. Such a lovely open motel and great owner.

Stayed January 2015, travelled with family
